AJ Durling

Dear AJ

**Subject: Lisa and Ben's wedding 13th Nov 2010**

We both want to say thank you so much for what you gave us on our wedding day, the whole atmosphere from start to finish was made with your performance.

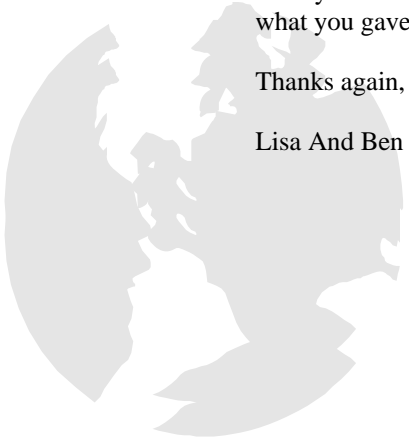

The songs we requested were played when and how we wanted them and the others songs which we wanted you to choose fit in so well with the moment and stage of the wedding.

Several guest told us that having you playing was the finishing touch to an amazing day, so thank you again AJ it meant so much too us.

We both would definitely recommend you to any other that requires a pianist, the value for money was second to none. I maybe shouldn't say this but the price we paid was too low for what you gave us.

Thanks again,

Lisa And Ben Morris
